2. Normal Color Vision
3. A physical profile of 122221

Projected date of Entry on Duty: Jun 17

### General Eligibility Requirements:

- Must be a current member, or eligible to become a member, of the South Dakota Army National Guard.
- Must successfully complete OSHA HAZMAT physical examination.
- Must undergo and pass a pulmonary function test prior to being hired.
- Must participate in Anthrax and Small Pox immunization programs.
- Must meet any additional requirements as specified on Position Description.
- Must possess or be able to attain a SECRET security clearance.
- Will be required to reside within a 50-mile radius of duty station within six months of being hired.
- Army members on the Army Body Composition Program are ineligible for entry into the AGR Program
- All WMD (CST) members work in OSHA Level A Personal Protective Equipment (PPE) fully-encapsulated chemical suits with supplied breathing air. Members will be required to use respirators for duties that will vary from light to heavy and may include security, rescue, recovery, and escape. These duties can occur under hot, humid, or cold conditions and may exceed 4 hours in Level A PPE.
- Must be able to work in PPE carrying a minimum of 80 lbs.
- The Civil Support Skills Course (CSSC) (65-day course) must be successfully completed within 12 months of hiring.

Additional Requirements for all CST (WMD) Members:

- All WMD (CST) members will be on-call 24-hours a day, 365 days a year IAW the Response Management Plan.
- All WMD (CST) members may be exposed to CBRN agents as a result of training or operations.
- Applicant must have a current state driver's license.

Screening Requirements:

- APFT/HT-WT: Applicants will be required to take and pass a diagnostic Army Physical Fitness Test and height/weight screening prior to being hired. Applicants who are deployed, TDY, or unable to attend in person will be authorized to conduct a phone interview. Applicants with permanent profiles will take and pass the Physical Fitness Test within the limitations of their profile if selected
- Confidence Test: Applicants will be required to participate in the OSHA Level A and SCBA equipment familiarization/confidence tasks prior to being hired. Previous familiarization with OSHA Level A and SCBA equipment is not required.
- OSHA Physical Exam: Applicants will successfully complete a thorough OSHA exam prior to being hired.
- Interview Board: Applicants will participate in an interview conducted by CST unit personnel/leadership.
- Behavior: Applications may be rejected if the applicant has a history of inappropriate professional and personal behavior as outlined in South Dakota AGR policy and procedures handbook, NGR 600-5, and AR 600-20 as determined upon administrative review.

Position Description:

- Responsible to perform the duties of NBC Team Chief in the event he/she is not available.
- Participates in state of the art detection and sample collection training per the Survey section training schedule.
- Expected to be proficient in NBC antidote administration, safe patient extraction, and crime scene/evidence preservation techniques. Participates in/monitors WMD CST chain of custody (sample transfer) procedures.
- Follows the National Institute for Occupational Safety and Health (NIOSH) Guide when responding to incidents utilizing the appropriate respiratory protection.
- Utilizes the established checklist in reporting the detection, identification and sample collection actions in the Hot Zone/contaminated area.
- Maintain NFPA hazardous Materials Technician certifications.
- Execute chain of custody procedures per guidelines and unit Standard Operating Guidelines.
- Initiate the set up and operation of assigned equipment for CBRNE, toxic industrial chemical (TIC), toxic industrial materials (TIM) detection, identification, survey and sample collection.
- Perform all operational tasks wearing appropriate level of Personnel Protection Equipment.
- Correctly marks contaminated areas for follow on support.
- Employs hand-held CBRNE detection and identification equipment to detect CBRNE contamination and obtain samples for medical or scientific analysis.
- Responsible for rescue and delivery of injured team members to the decontamination line for appropriate treatment.
- Has thorough knowledge of the CSTs decontamination procedures to include setup and operation of decontamination line.
- Understands hazards, wind direction and speed, safety precautions, types of tests to be performed, and turn back criteria.
- Maintain NFPA hazardous Materials Technician certifications.
- Uses an execution checklist to monitor survey team detection, identification, and sample collection in the hot zone or contaminated area.
- Respond immediately to an incident site to Identify, Assess, Assist, Advise the Incident Commander to meet his/her objectives in a highly hazardous threat.

Special Information:

A. This unit is required to be fully mission- capable at all times. In order to ensure this goal is met, unit members will be required to participate in an extremely rigorous physical and academic training program. This training will occur in various school environments, both military and civilian, throughout the country. This duty position will require at least 800 hours of technical training above and beyond any MOSQ, NCOES, or officer professional development schools. Up to 100 days of TDY will be required annually. Applicants must seriously consider the implications of these requirements and the commitment we are asking prior to applying.

B. It is recommended that prior to interviewing for this position applicants review NGR 500-3/ANGI 10-2503, Weapons of Mass Destruction Civil Support Team Management and also become familiar with ATP 3-11.46/AFTTP 3-2.81, Weapons of Mass Destruction – Civil Support Team Operations.

C. Applicants will be placed on orders, points-only (to be completed by applicant's unit), for the screening/interview process.
